

Welbot EP

High Performance Orbital Welding for Small Size Pipe
Perfect solution for Shipyard, Power Plant, Aerospace, and Other Industries

EP-C50

Optimized for high quality small pipe welding

Product specifications

Tube/Pipe Range	20 to 50 A
Rotor Speed	0.1-3 RPM
Electrode Size	Ø2.4 mm
Dimensions (WxDxH)	130 x 45 x 310 mm
Weight	2.5 kg
Cable Length	5-20 M

EP-M15

Optimized for high quality small pipe welding

Product specifications

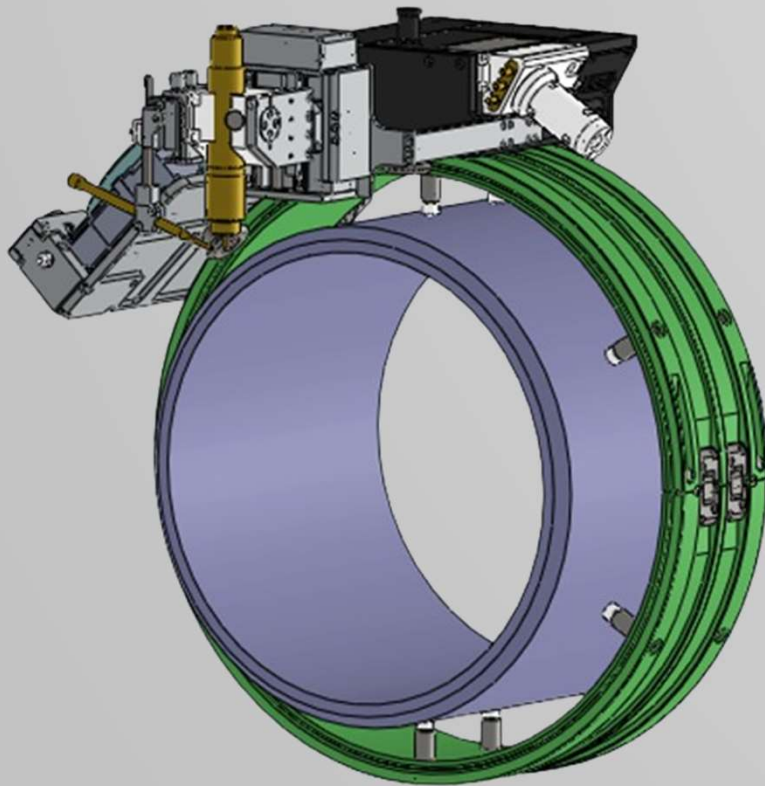

Tube/Pipe OD Range	Ø6 to 21.7 mm
Rotor Speed	0.1-3 RPM
Electrode Size	Ø2.4 mm
Dimensions (WxDxH)	80 x 45 x 290 mm
Weight	2 kg
Cable Length	5-20 M

Welbot EP-R

High Performance Orbital Welding for Small Size Pipe
Perfect solution for Shipyard, Power Plant, Aerospace, and Other Industries

- AVC (Auto Voltage Control) and Weaving available
- Real-time remote control system for high quality welding
- Applicable for various size of pipe

Product specifications

Tube/Pipe OD Range	250A ~
Rotor Speed	200 mm/min
Electrode Size	Ø2.4 mm
Weight	13 kg
Cable Length	5-20 M
